The designs

There ain't no point in style without substance when it comes to flooring, which is why we bring you the marvellous, the fantastic, Nouveau Endurance. Colours and textures are often even better in person and getting hands on with some samples will give you the interior inspiration you're looking for - and anyway, even if you change your mind, you'll be covered by our handy 365 Returns policy. What's not to love?!

More Nouveau Endurance

Block colours are extremely versatile and can be as subtle or as statement as you like but sometimes, you need something a little more exciting. This design-led range cleverly combines tonal shades in a linear formation to deliver a stylish surface pattern that would be right at home in any modern office or top-notch hotel.

Ever had that super awkward moment of walking into a meeting thinking it's just a free table? Well problem solved. Why not use a different design of Nouveau Endurance to zone out different areas? So, pop down one design to show the meeting tables, and pop nother down for walkways / other areas.

StainSafe®

Stainsafe® does not fail to provide complete protection against stains and dirt. These carpet tiles are not treated with any chemicals or coatings. It absorbs no moisture, therefore no dirt or liquid will be absorbed into the fibres. Stainsafe® is only available for 100% Polypropylene carpet tiles. Therefore it will also be incredibly durable, hardwearing and long lasting.

Affordable and resistant

The word 'endurance' is "the capacity of something to last or to withstand wear and tear" and well, we certainly couldn't think of a better name for this sturdy range. These tiles stand strong against the high footfall and heavy furniture which are commonplace in commercial spaces. Besides, it is used a long-lasting solution-dyeing technique to colour the fibres, which means they will stay looking just as striking for many years to come.

**Affordable and resistant.
